HELLO, GOOD EVENING AND WELCOME

This month's newsletter is a little shorter than usual because we have some time-critical topics.

Cheers, Geoff Vass (geoff@cadzow.com.au)

COMPUTING: More Important Windows Patches

In April Microsoft released a series of security updates for Windows NT 4.0, 2000, XP and 2003. Already there is an Internet worm which exploits those faults (W32/Sasser.worm) and there will doubtless be many more. If you have a firewall you're safe for the moment but the best protection is to install the patch, **MS04-011 (835732)**, from <http://windowsupdate.microsoft.com>. Please call us if you need help.

For more general discussion on securing your systems, see the following Cadzow Knowledgebase articles:

Security Primer — <http://kb.cadzow.com.au:15384/Cadzow/details.aspx?ID=1242>

What Is Phishing? — <http://kb.cadzow.com.au:15384/Cadzow/details.aspx?ID=1228>

BUSINESS: Let your voice be heard!

Cadzow TECH Pty Ltd CEO Melissa Cadzow is a member of **Small Business Development Council** (SBDC), chaired by The Hon. Paul Holloway MP, Minister for Small Business. The council advises the Government on issues relating to the small business sector. The Government is currently undertaking two surveys; if you wish to participate in one or both, please contact Melissa. Both are due on May 7th 2004.

Business Outlook Survey: The South Australian Department of Trade and Economic Development, with the assistance of the SBDC is investigating the current business outlook. The information will be used to determine the attitudes of South Australian businesses and to compare the results of the Australian Institute of Management (SA) and The Advertiser 2004 Business Outlook Survey conducted in late 2003. The results will be referred to the Minister for Small Business, Hon. Paul Holloway MLC.

Career Information and Guidance Survey: As part of its on-going commitment to supporting social inclusion and economic development, the Department of Further Education, Employment, Science and Technology is currently working to improve the range of career information and career guidance available to young people in South Australia.

This is your chance to voice your opinions about issues affecting small business.

WISDOM, Great Moments In

Decisions are made by those that show up.

— *The West Wing*, created by Aaron Sorkin
